

# Sponsorship Opportunities

**NRPA Annual Conference**

October 8-10, 2024

Atlanta, Ga

# WHO WE ARE

NRPEMS is an organization of minority members of the National Recreation and Park Association who have joined for the express purpose of: productively representing the park, recreation and related leisure service interest and rights of minorities while participating in the overall effort of the park and recreation profession and the National Recreation and Park Association to serve the park, recreation and related leisure service needs and desires of the public.

# OUR HISTORY

In 1971 The United States Supreme Court ruled unanimously that busing students could be ordered to achieve racial desegregation in schools. Later that same year, a group of Recreation and Park professionals in partnership with the National Recreation and Park Association and a host of concerned supporters regarding the inequities in the industry started the National Recreation and Park Ethnic Minority Society...NRPEMS.

Those early “Pioneers” saw the need for ethnic minorities to have a greater role, representation, participation, and leadership in the Recreation, Parks and Leisure Profession. We continue to make strides, through our mentorship program, workshops, seminars and scholarships. Our reach is in every state across the nation, ensuring that the staff reflects the communities that we are charged to serve from all levels within the organization.

NRPEMS Awards Ceremony, Baltimore, MD

## PARTNER WITH US IF...

- You wish to highlight your company / agency's commitment to the field
- You want to support an organization that is leading in providing resources for parks and recreation professionals.
- You want to connect with decision makers across the country.

Note: Your sponsorship funds will help cover NRPEMS event at the NRPA Annual Conference in Dallas TX. The events include a community service project, networking social, mentoring program, and award luncheon.
